Subject: Recordings of Chinese Nationalist
Programs

Dear Alan:

I would like to call your attention to a request made by this Bureau on 18 August on behalf of the BBC for some recordings of Chinese Nationalist programs. Should you wish to review the exchange of messages concerning this request, the numbers are: LD 952, WA 091, 18 August; LD 955, 19 August; LD 078, WA 430, 12 October; OW 438, 13 October.

Unfortunately, the BBC is aware of the fact that the recordings were not made until 13 October, approximately eight weeks after they were requested, and while they have not made a formal complaint, they are not happy about the service rendered. I have apologized, but can offer no reasonable explanation for what seems to be an excessive delay. If you have anything to suggest that I may pass along to Mr. Campbell, I shall be grateful.

Sincerely,

[redacted]
